

## In-house R&D Units of Growel Feeds get DSIR Recognition

1-Jul-2020

Another feather in the cap of Growel Feeds Pvt. Ltd. We are honoured to announce that our In-house R&D Units have obtained the recognition of Department of Scientific and Industrial Research, Ministry of Science and Technology, Government of India. This recognition is a great motivation for intensifying our efforts in incorporating research-driven culture and in-house innovations, envisioned to encourage, foster and strengthen the production sector of the country which would positively push the overall economic and infrastructural development. Being the only certification program in India that sets a world-level benchmark for industrial research, DSIR-recognition features our brand at the world stage along with countries with similar certification programs. Hearty Congratulations to the whole Growel Team !!
